A Collection That Lingers

Surrender to indulgence with Indica, a new 12-piece collection by Sex & Mischief® that's equal parts rich, radiant, and ready to play. This line delivers sensory pleasure in emerald green faux leather with soft textures, gold-toned hardware, delicate feathers, and crystal accents.

From sultry staples like collars and cuffs to flirty flourishes like garters and day collars, each product is beginner-friendly, all-gender, and made to elevate connection. Some designs reimagine proven bestsellers, while others, like the dual-impact crop introduce fresh sensations.

Refined without losing its edge, Indica is perfect for gifting, indulging, and savoring slow-burning pleasures that linger long after the moment fades.

SPORTSHEETS®

You Asked, We Listened

Indica was born from a consistent request for a green BDSM/fetish range. By reimagining proven bestsellers in emerald and gold and adding fresh new flourishes, Indica blends familiarity with excitement. This expansion also extends silicone cuffs across the S&M line, creating a full rainbow assortment designed to drive repeat sales at affordable costs.

Why Retailers Need Indica

Customer Demand: Green has been one of the most requested colors for BDSM ranges.

Category Coverage: One collection spanning restraints, sensory, impact, lingerie, and wearables.

Seasonal Storytelling: Gifting in Q4, St. Patrick's tie-ins, Wicked movie release (green vs. pink with Peaches 'n CreaMe).

Cross-Merch Potential: Easy to build displays with Shadow, Enchanted, and Peaches for a color-pop impact.

Proven Sell-Through: Familiar silhouettes = minimal education needed for sales staff and consumers.

Key Collection Points

12 Styles Total: Cuffs, collars, blindfolds, garters, impact, and sensory play

Emerald + Gold Aesthetic: Lush faux leather, shimmering hardware, delicate feathers, and crystal details

Best of Both: Proven top sellers + new designs in the collection pallet (Dual Impact Crop, Laced Garters, Chain Impressions Paddle)

Inclusive & Accessible: All-gender, beginner-friendly, approachable BDSM designs

Rainbow Cuffs Expansion: First introduced in Peaches 'n CreaMe, the cuff collection now adds emerald alongside red, black, burgundy, and hot pink, giving retailers a vibrant spectrum and simple upselling opportunity.

Selling Tips for Retailers

Lead with Color: Indica delivers the jewel-toned emerald customers have been asking for, a shade rarely seen in fetish.

Bundle by Theme: Build easy-to-sell sets, like a satin blindfold + feather tickler + crystal nipple clips for an "Intro to Bondage," or pair cuffs with a collar & leash for an "Emerald Essentials" bundle.

Seasonal Merchandising: Position Indica as giftable year-round, emerald + red for holidays, emerald + black for St. Patrick's or Halloween, and a fresh pop for spring and summer.

Upsell the Rainbow: Showcase the expanded silicone cuffs in emerald, red, black, burgundy, and hot pink, perfect for "collect them all" and even PRIDE displays.

Demo the Dual Sided Impact Items: Show dual-function designs: the Dual Impact Crop and Feather Tickler offer tease + sting, while the Chain Impressions Paddle gives smooth vs. textured impact.

Highlight Versatility. Day collars and the collar & leash set double as fashion pieces, remove chains for jewelry-like looks. Gold hardware elevates any display.
